

# SOC<sup>®</sup> Safety of Car Electronics Equipment

SOC's products protect electronics equipments from possible risks such as fume, burnout, fire, etc. Fuses being devices with utmost safety significance, SOC has been working on the product design ensuring high quality and high reliance so that fuses perform their role as such.

BT2035 is the industry smallest size in DC500/100A class!!\*  
Automotive fuses developed by leading-edge technology.

\* According to our survey as at January 15, 2007.
